Dear Roger, 5/16.93

When I spoke to McKnight he took time from correcting finals to go over his cards to be able to pinpoint the files Helen should copy for you. This is to tell you what they are in the event she does not copy all of them.

There are three of Sylvia's correspondence with Lifton files, 1965-7, 1968-9 and 1970-. They are in drawers 4A, 4A and 4 C.

Also in 4C is "documents and papers."

Her "Best Evidence" file is now 3C. Jerry says there is some truly hilarious stuff in it. For that reason I'll tell her that unless it is too voluminous to copy it all.

This so you'll know if they are voluminous.

Best
